

DIVERSIFICATION -

- Irrigation system for private garden, small farms and mega farming projects.
- Plastic Caps & closures for automotive oils and Lubricants, chemicals, Agro chemicals, Food and beverages, Jams, Wine and spirits, Pharmaceuticals, cosmetics, etc.
- PVC fitting and high-quality valve manufacturing.
- Post-consumer plastic recycling projects to make granules and value-added products. Like Recycled plastic board - replacement to Plywood.
- Automotive products like fuel tank, Rocker arm cover, timing belt cover, oil sump etc. Replacing steel products with plastics.
- Automotive products like coolant pump etc.
- LED lighting solutions for automotive industry.
- Smart lighting solutions LED for industry, pharmaceuticals etc.
- Electric vehicle - trading and or manufacturing components.
- Battery case manufacturing for LFP batteries.
- Charging systems for Electric vehicles.
- Solar panel manufacturing, attractive payback period.

STRATEGIC ALLIANCE -

- High performance E motor cycle - With exclusivity arrangements (will not be given to any other customer in India), power similar to Duke 190 or 390 CC capacity. Origin China. Components received in partial assembled condition; value addition done locally to get FAME 2 benefit. Low investment required.
- JV with European business house for manufacturing Hydro-electric components. Company in the business of hydroelectric components for retrofitting EV kit on existing IC Engine commercial vehicles.
- Micro capacity vertical axis wind mill - imports and installation and/or local manufacturing.
- Charger Manufacturing for EV under licence or under JV.

TURNKEY PROJECTS -

- Plastics - Thin wall containers, food and beverage packaging, Health and personal hygiene products, automotive components, Caps & Closures, Bottles and cans, Jerrycans, wide mouth drums, profile extrusion, Rotational moulding, Compression moulding, Wood plastic Composite, etc.
- Post-consumer plastic recycling, granules and value-added products. Recycled boards (substitute to PLY WOOD), Construction board, Geo net, water proofing sheets, sheets for road & bridges construction, Tube board, Hollow sheet, honey comb sheet, dimple sheet, etc.
- Solar panel manufacturing with semi-automated equipment of European origin, minimum capacity 25 MW
- Any other specific project of your choice.

We look forward for your interest.

PL. feel free to contact, if you require additional information.

Regards,
